Cambridge Data Champions Forum
14th September 2017

Previous activities

Wolfson college

- Managing your research data
- An introduction to GitHub

CRUK-CI

- Avoiding Data Disasters: best practices for biological sciences

Wolfson College Data Science Group

Summer 2017 Meetings

All meetings start at 6:00pm in Plommer A

26 Jun Survey Weights

10 Jul Github

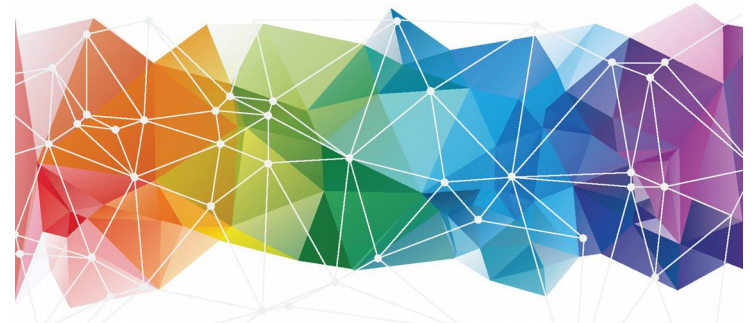

24 Jul Social Network Analysis

7 Aug Multiple Imputation

21 Aug Machine Learning

4 Sep Python

18 Sep Data Science in Condensed Matter

Planned activities

Department of Chemistry

An introduction to
GitHub

24th October

Students and
researchers

Graduate education
programme

Making your life
easier with ORCID

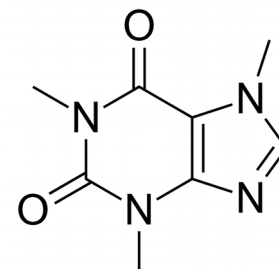

Early 2018

Students and
researchers

Careers programme

Online survey on
research data
formats

Next month

Entire department

Proprietary → Open

Engaging researchers in good data management

15th November 2017
St Catharine's college

Bringing together international *activities*, fresh *ideas* and *excitement* on effective research data management and sharing

Data Champions

Data Stewardship

Data Conversations

Call for input talks opening soon! Save the date!

Office of Scholarly
Communication

Thanks!

Related planned activities

Bioinformatics training

Working with Python: functions
and modules

12th October

Students and researchers

Python series

Wolfson college

Introduction to R and
ggplot2

Early 2018

Students and researchers

Skills for academic
success programme
